

A fight till the end

Target:

Get to know:

- *Conditional Probability*

Resources:

Udacity [Advanced Statistics](#) course

Problems:

Problem 1 → Watch the videos in the Conditional Prob.. folder and take notes

Problem 2 → There is a quiz at the end of each video, try to solve it before checking the solution

The solution for each video can be found in the solution folder

Problem 3 → **Submit your notes** either as an image or a document containing the answer for the following question:

Summarize what you have learned in this lesson **in detail**, how is conditional probability different from what you have learned before?

Evaluation:

Your notes → 7 points

Your summary → 3 points

Deadline: 2 Days *#Wednesday – August 9 at 11:59 PM*
